

## The Home Office Helper

Volume 1, Issue 32, November, 2006

### Explorer Isn't the Only Browser

Nope, there's Firefox 2 from Mozilla as well! And, in a number of respects FireFox 2 leaves Explorer 7 trailing in the dust. Want to learn more about this free, downloadable web browser? You know what to do....

### Small Business Desk Reference

Starting a business can be difficult and confusing. This book can help cut through the confusion and get your business up and running—and keep it going—profitably!

[More Details](#)

### Tech Spotlight

Web 2.0 is here—or is it? Get a definition (or as close to one as there is available) and find out what's included/involved in Web 2.0—the "hottest" thing on the net.
